What we believe

The foundation of the Frens believe and the 25 Points

1. The core of the believe of the Frens lays in the core of the National Socialist worldview
2. For the sake of simplicity and to stay true to our believes we will directly adopt the ideas presented in the 25 Points of the NSDAP. We will however put the ideas laid out by the founding fathers of National Socialism into a modern context
3. The core of the National Socialist worldview is in the unity within the Volk. Unfortunately, in the modern context we must take a look at the bigger picture and should alter this believe into the unity among the white race!
4. Every member of a different race / ethnicity should be treated as an intruder and can never be fully accepted into the white man's society.
5. No matter how much the foreign invaders adapt to our way of life and our culture they always have to be seen as a hostile entity
6. Leadership for the white race can only be taken by members of the white race. We cannot accept, under any circumstances, authority by foreign people
7. The duty of the individual within the white race is to serve the white races as a whole. One must overcome their own egoistic needs and respect their responsibility to serve the greater good
8. A person which works against or damages the health of his own race (for example profits of the suffering of his people) has to be treated as a race traitor
9. This also includes political liars and manipulators. No matter for what political believes, to lie and manipulate your own people is making you a race traitor!
10. A race traitor can not be accepted within the white race, he has done crimes against his people which are not excusable. Because of that a race traitor has to be treated as a hostile entity. He made himself equal to the foreign invaders by betraying his people!
11. The health of the individual within the white race is dependent on the health of the white race and vice versa!
12. If the individuals within the white race are not mentally and physically healthy so too is the white race "sick" and must be treated
13. In conclusion to the previous two points the change does not start with a great revolution but with the self. If you ask yourself what you can do to improve the white race, start working out, start studying and reading! Make yourself physically and mentally healthy so your people can be too!
14. The culture is the identity of your people. The culture is preserved through tradition and traditional values. For the white race to not lose their collective identity traditions have to be treated with the highest respect.
15. To achieve the preservation of your culture the individual must follow the preestablished traditions. As a conclusion to point 11 if enough people follow the traditions the white people will be able to preserve their culture

Extraction from the site rules

16. While neither Hizzy nor Stu ever gave us a set of ideas to believe in they did create the rules of the site through which we can directly extract beliefs and ideas. These ideas are to be treated as a follow up to the previous segment
17. Sexual degeneracy of all kinds has to be treated as a direct threat to the mental health of white individuals. We define sexual degeneracy as every abnormality of the normal human sexual behavior.
18. We consider “normal human sexual behavior” to be the sexual act used for procreation purposes. While we can not demand that it is used for procreation exclusively we do believe that it should always be the main goal of sexual activity. Every other sexual activity like masturbation, homosexuality, fetishes and extensive sexual behavior (sex with multiple partners) has to be treated as abnormal and by extension as a threat to an individual’s mental health
19. Based on the human nature of tribalism we must consider race mixing an abnormal sexual act
20. The previous points do not imply that once an individual becomes a “degenerate” he can’t change. As preestablished in point 11 and 12 sick people make a sick society. But a sickness does not imply that one has to “terminate” the sick part of the organism which makes a society. Sick people can always be treated, if a sick person accepts the reality that by damaging their mental health they are damaging their people as a whole he can be treated and abstain from his degeneracy
21. Political oppositions have to be treated as hostile entities. A person which is advocating for a political lie is a race traitor and should not be tolerated by his peers
22. In conclusion we do not tolerate political oppositions, political liars and advocates for political ideas promoting unnatural behaviors!
23. We do not tolerate misogyny. Man and woman both play equally important roles in the basic family structure which is the foundation of our traditional belief. We must understand that the role of the traditional woman is of utter importance for a healthy society. Because of that women have a right for the same level of respect that men have!
24. To save the white race is a necessity and there are no boundaries we shouldn’t cross to achieve that goal. But we can not advocate for pointless violence, we are not a group of niggers which go around “popping caps” into people because they looked at us the wrong way
25. We as white men have to act responsibly and logically. What is the point in shooting up a Mosque if there is no deeper movement behind it? Violence must be coordinated and controlled, only when the time is right and our movement is big enough we can mobilize and use pure force against our enemies!

For legal reasons point 24 and 25 are a joke and should under no circumstances be considered a serious part of our ideology.

Our Demands

26. We are not a “real” political movement, this is not some kind of revolutionary manifesto and we are aware of that. Because of this we do not feel like we are in a position to make serious political demands. Instead this section is what we as Frens demand from every white person. The revolution does not start with a great campaign, it starts with you!
27. We demand that every white person is aware of the biological truth and does not accept the liberal propaganda he is subjected to these days
28. We demand that every white person liberates themselves from anti white and degenerate propaganda, pushed onto us by the media and the current political leaders
29. We demand that every white person lives a healthy life. Physically and Mentally
30. We demand that every white person respects their responsibility to live a traditional life, create a family based on traditional values and teach their children the importance of tradition
31. We demand that race traitors and enemies of the white race are treated with the highest hostility possible
32. We demand mutual help among the white race. Educate political opposition and help those who can't help themselves
33. And finally, we demand that every white person understands their duty to serve their race and give up their ego for the greater good!
